A BRIEF HISTORY OF STAFFING LEVELS FOR CITY OF MONROE PUBLIC WORKS

Up to July 2014 - CH2M Hill provided contracted public works service. This service included the operation of both the Water Plant and the Waste Water Plant (FTE that CH2M Hill provided us is unknown at this time)

July 2016 to September 24, 2018 – The city employed one full time public works employee who performed the daily functions of operating the plants and performing maintenance on the plants and the city employed a part time public works employee at an average of 16-20 hours per week to assist as needed (1.5 FTE)

October 2018 to Current – The city has contracted with Southern Oregon Water Technology (SOWT) to operate both the water plant and waste water plant. SOWT is responsible for treatment, collections and distribution. This is currently a full-time position. The city also has one full time public works employee and one semi-retired (one day per month) employee who does building and equipment maintenance as well as maintain our storm water system and parks. (2.1 FTE)

The City of Monroe is an Equal Opportunity Provider
